

What Employers Are Saying About **YOU HIRE, YOU TRAIN, WE PAY.** On-the-Job Training (OJT)...

It takes a lot of resources to train new employees. If it wasn't for COWIC's existence and expertise in being the liaison between our company and the government, it would be difficult, if not impossible for small businesses like ours to create new jobs and train new employees.

Asist Translations, Columbus

COWIC's Business Solutions Team went the extra mile to ensure a successful experience for us with the program. Because of their assistance, our company has been able to benefit from training incentives offered, and in the long run our workforce will be stronger for it.

The OJT Program has made it easier to commit to hiring new employees. We expected the approval process to take a month, but it took days! When I think of government programs, I think of long lines at the DMV, but COWIC breaks the mold!
